Hiking – Dos and Don'ts

Hiking Rules

- ❖ Hikers must maintain a high standard of conduct at all times, are expected to be good stewards of Vicksburg National Military Park, and to be courteous to other visitors while in the park.
- ❖ Group leaders are responsible for directly supervising each hiker in the group. At least one adult leader is required to accompany each separate group of hikers so all receive proper supervision.
- ❖ When hiking on the tour road, use the white striped walking lane. Stay to the right edge of the roadway when no white stripe exists. Hike single file and safely cross roadways as a group.
- ❖ Carry the proper equipment, including trail guide, rain gear, adequate water, trash bags (everything packed in, *must be* packed out), first aid kit, cell phones, sunscreen, etc. **Please note** – the only restroom facilities are located at the Visitor Center on Clay Street and *USS Cairo* Museum halfway through the park.
- ❖ Except during medical emergencies (situations requiring immediate emergency medical care), park staff *cannot* transport private citizens in government vehicles. Assess both the hikers' physical conditions and the weather before starting! Be realistic in choosing the appropriate hike. It is advised that at least one driver stay with the vehicle(s) should there be a need to pick up and transport the scouts.
- ❖ Be aware of hazards while hiking – weather, trail conditions, fire ants, snakes, ticks, poison ivy, etc., and take the necessary precautions. Although the wooded hiking trail has been widened where possible, there are still areas where passage *must* be single-file. Be **extremely** careful when the trail is wet – the slopes are very slippery!

Park Regulations

- ❖ Climbing on monuments, memorials, cannon, and headstones is strictly prohibited.
- ❖ Climbing and running at the *USS Cairo* exhibit, *USS Cairo* museum, and Visitor Center are prohibited.

Found artifacts should be left undisturbed and their location reported to a park ranger. **DO NOT REMOVE ANYTHING FROM PARK PROPERTY!**

Greetings

The Vicksburg Trails Commission and National Park Service welcome you to one of the nation's outstanding historic resources in America – Vicksburg National Military Park. This guide will help make your visit an enjoyable and memorable experience.

Where You Are

The Vicksburg National Military Park is an area set aside and preserved as a memorial to one of the most famous sieges of all time. The North had to control the Mississippi River. The River was an important supply line and commerce route to the Gulf of Mexico. Control of the River would split the Confederacy in two, thus isolating those States west of the Mississippi. By the middle of 1862, the North controlled all of the Mississippi River except the five miles in front of the bluffs of the Gibraltar of the South, Vicksburg.

After several attempts to attack Vicksburg from the north and west, a successful plan to confuse the Confederate Army resulted in General Ulysses S. Grant surrounding Vicksburg. The Union Army made several furious charges against the Confederate works, but all failed. The only way Vicksburg could be taken was to isolate and starve the Confederate Army. With 72,000 Union soldiers surrounding 18,500 Confederate soldiers, there was no way to get food or ammunition into Vicksburg. After 47 days of fighting, Vicksburg was surrendered on July 4, 1863.

What is the Plan of the Park

The Confederate Army had fallen back to Vicksburg and occupied a strong line of fortifications that extended along the top of a ridge from the River south of Vicksburg and encircled the city to Fort Hill on the north. This line is not called Confederate Avenue. Directly across the ravine is Union Avenue. This road follows the line of the Federal forces. Numerous monuments, markers, tables, and cannons are placed in the same positions occupied by these forces over 150 years ago. As you hike and learn of the Park, remember the thousands of Americans, many the age of the hikers, who so gallantly fought and died on these grounds. Every one of them, both South and North, was fighting for a cause he felt to be right.

Awards and Fees

There is no charge for hiking the Trail. **There is no charge** for hiking the Trail. There is a fee for entry to the Vicksburg National Military Park. If your Unit would like to do two or more hours of conservation work, the entrance fee would be waived, and you would be admitted as volunteers. This must be arranged in advance of your trip with the Park Staff.

An attractive full embroidered patch and/or hat pin can be purchased for those completing the requirements of the Trail. For those who cannot fulfil the hiking requirement but who watched the movie and read the information, there is a participation patch available.

General Hike Instructions

The Visitor Center

Start your hike at the Visitor Center. View the 20-minute movie, "**Here Brothers Fought,**" and the center's exhibits. All members must view the movie shown in the Visitor's Center prior to starting the hike. Purchase the booklet, "Vicksburg – A Self-Guiding Tour of the Battlefield" available at the Information Desk.

You must register your Unit at the Visitor Center before you hike. It is important at the end of your hike that you check out your Unit at the Visitor Center.

Insure that adequate provision has been made to supply water to the hikers, particularly in hot weather. It is not unusual for a hiker to consume a gallon of water when hiking the Trail in hot weather. Water is only available at the Visitor's Center on this Trek.

In the event of problems, notify a park ranger or contact staff at the Visitor Center (601-636-0583).

Time to hike the Trail varies with the Unit, however, most finish in about 3.5 hours, not counting lunch. Plan your time to arrive back at the Visitor's Center before dark.

You are now ready to begin the Trail to the North, or to the left as you face the Visitor's Center. As you hike the Trail, you are encouraged to stop your hikers and have one read from the booklet, "Vicksburg – A Self-Guiding Tour of the Battlefield". As many hikers as possible should be given the opportunity to read to the rest of the Unit. Pass the booklet around so that all may see the pictures.

There are no questions which must be answered by the hikers. The Trek, however, is not intended to be a speed hike. Each hiker is requested to read as much of the information given on the plaques and monuments as time will permit. As the Trek is hiked, adult leaders should remind the hikers of the thousands of Americans, many the same ages as they, who gallantly fought and died on these same grounds. Every one of them, both from the North and the South, was fighting for a cause they felt to be right.

As you complete the Trek and leave the Military Park, carry this thought with you: *"Here brothers fought for their principles; here heroes died for their Country. And a united people will forever cherish the precious legacy of their manhood".*

Your comments and suggestions to improve the Trek are always welcome. If you find any problems along the trail, please tell the Park Staff when you check out.
